BOOK SYNOPSIS

Your students will love this essential review book! It will familiarize them with every aspect of successful test taking, and will help to refine skills and build confidence for certification examinations. The text emphasizes learning styles, test-taking preparation and strategies, and cognitive skill development. Nursing concepts and principles that can be applied to many content areas are included, as are sample tests with answers and rationale. The authors use thought-provoking and entertaining language to involve and interest the reader, constantly reinforcing concepts with exercises and the creative use of repetition. New in the third edition: Reorganization of material on study skills; 3 new chapters on Comfort, Critical Thinking and Child Health; and all chapters have new Reasoning Exercises and questions.
